“The Habitat of Growth”

Today
**IT IS NOT BUSINESS
AS USUAL ANYMORE**

*Fresh ideas, different business models,
reshaped teams, and coworking rules...*

New generation work culture thrives most in environments where: different disciplines share space, brains with bright ideas interact, no borders or limitations impede innovation; inhabitants work believing anything is possible.

Positioned at the heart of the global business world, **Growth Circuit** provides the ideal environment for those looking to transform their businesses: **CoZone**

Growth Circuit is an offspring of METU Technopolis, which supports new enterprises in Ankara, Istanbul and San Francisco at every stage and provides reliable, cutting-edge space for their development and growth across global markets.

CoZone:
The only coworking space
in Turkey supported by a Technopolis.

CoZone is directly connected with METU Technopolis, rated the best of its kind in Turkey for multiple years in a row. This organic bond provides **CoZone** members with a range of privileges and advantages. Choosing **CoZone** as your office space is sufficient to benefit from all these advantages; and to work, produce and transform the position of your business effectively.

Now
**THERE ARE NO LIMITS
FOR DREAMS**

Today even the smallest business idea has the potential to nourish with global resources and evolve to produce effects that will change the world.

***CoZone** keeps this in mind
-and dwells on the genes of Growth Circuit-
in planning everything.*

CoZone WORKS 24/7

If you enjoy the work you do, then there is no specific or right time to work. So, **CoZone** stays active and open 7 days a week, 24 hours a day.

You determine your work hours, you conduct meetings at any time you wish, and you can share this inspiring atmosphere with other **CoZone** users on any day, at any time.

CoZone meeting rooms and activity areas are designed primarily for the use of CoZone residents. However, other individuals and institutions may visit CoZone and benefit from daily use opportunities.

BE/COME CLOSER

The objective of **CoZone** is to bring enterprises, international companies and various freelancers in a shared habitat so they collaborate closely in achieving their goals.

For this, our members must be able to reach anyone, anywhere, at any time.

CoZone
*is located at METU Technopolis's
new business complex in Ankara,
just 15 steps away from the subway.*

Networking is not enough
DISCOVER
ORGANIC BONDS

*CoZone is a generative space
that is open to new ideas and collaboration.*

Designed by award-winning architects, **CoZone**'s environment will increase interaction and make working hours more efficient. To maximize the synergy generated under this roof, the space is equipped with a state-of-the-art technological infrastructure, abolishing borders and making uninterrupted collaboration possible with clients and colleagues from around the world.

CoZone is unique for those who will not settle for superficial networks, eager to explore new collaborations.

Private work zones, meeting halls, shared desks, social zones and lounges at **CoZone** ensure the most comfortable environment for every kind of work-spaces are ideal both in their aesthetic and in their capacity to morph as you or your business grow and develop.

In addition to all necessary office services, **CoZone** also keeps a technical support team and all the equipment needed to conduct business onsite.

CHEMISTRY of CoZone

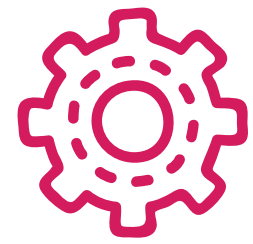

The *sine qua non* of **CoZone** chemistry are **the start-ups, innovators, entrepreneurs, freelancers - in other words, the bright brains after bright ideas.**

At **CoZone** we push the limits of services provided to those people of different disciplines and backgrounds. We update and upgrade our services and technical facilities continuously to ensure their cutting-edge quality.
